Annual Report of Results of UG and PG
(2017-18 to 2021-22)

The passing percentage of students in the various Under Graduate and Post Graduatecourses, has always been more than 90% every year. However, during the Covid Pandemic the regular classes and practical got affected and mostly teaching was shifted towards online mode during March and April 2020.

The open book online exams were conducted during August and most of the students found it difficult to cope with the teaching and examination pattern and result showeda decline in passing percentage. In the subsequent session, the teachers, and studentsboth adapted better to online teaching and mostly classes were conducted in hybrid mode. The sincere efforts of the faculty and academic infrastructure of the college help and support them to shape their career in a desired way which is the reason of good performance of the students in year 2021-22.
