Dear Professor Malviya:

We are writing to invite you to become a reviewer for Mathematical Reviews. As you probably know, the MR Database, presented in MathSciNet, covers the world of published research literature in mathematics by means of post-publication reviews written by subject experts. For over 75 years, MR has been assisted in its mission by mathematical scientists throughout the world who have thoughtfully provided perspective on the published literature.

The collective work of these reviewers represents a permanent contribution to the community and plays a vital role in ongoing developments in mathematical science.

The literature is growing rapidly, and in order to continue coverage we need additional reviewers to keep up with this growth and to speed up the reviewing process. Based on your published work, we believe that your qualifications and research interests are very much the kind we need. We would be very pleased to be able to call on you to review for us.

If you are interested and have the time for reviewing, please complete the New Reviewer Information form at <https://mathscinet.ams.org/mresubs/01A1.5>. The information that you provide will allow our editors to assign you appropriate items to review. Upon receiving your completed form we will process the information, which takes an average of 2 weeks. Once your information has been processed you will receive a Welcome Letter and will then begin to receive items for review.

For more information about service as a reviewer, see the Guide for Reviewers at <http://www.ams.org/mresubs/guide-reviewers.html>.

It is our hope that you will choose to join us in this important enterprise. We look forward to hearing from you.

Yours sincerely,

Edward G. Dunne
